

Drayage Services

Primary Logistics Services is the drayage service provider of choice for many high-profile export and import customers.

We offer quick, dependable services to & from the Ports of Hueneme, Los Angeles, Long Beach, Oakland and San Diego.

As a mandate adopted by our operations and service Teams, we are committed to the Clean Truck Program and other “Green” initiatives.

- ❖ A **leading retail supplier** to numerous well-known store chains counts on our services to attend to their import drayage needs, local, regional and national distribution.
- ❖ A **high profile aerospace group** depends on us to coordinate their own U.S. vendors’ LTL cargoes consolidated in our own warehouse & distribution center for pre-scheduled export overseas.

Features and Benefits

Combined with our own comprehensive 3PL facility located in Buena Park, California, Primary Logistics Services offers:

- ✓ **Drop & Pull Service** (empty or full) at your customer’s location for loading/unloading.
- ✓ **Tracking & Tracing access** – at your finger-tips.
- ✓ Easy access to our **powerful web-based TMS tool**.
This feature allows you to select the precise transit time you need to meet your own delivery commitments, to access the related door to door pricing, as well as to book your cargo on line at the click of a button.
- ✓ **Need “pre-pulls” to avoid port terminals and carriers surcharges?**
We have the resources and container yards available to perform this service for you - smoothly and economically.
- ✓ **Wish to avoid traffic congestion?**
We have selected our main service center location to accomplish just that.
Less time spent on the way to and from the local ports, virtually no waiting time at our facility and minutes from the main Interstate highways leading out of and into the greater Los Angeles area.
- ✓ **Off-peak services reduce port-related costs!**
We offer “night-pulls” & “returns”, allowing you the saving over Pier Pass assessed during peak day time operations.
- ✓ **Overweight or over-sized freight?** – we have the solutions at hand for you - whether tri-axles, slider chassis or other special equipment is required.
- ✓ **Hazardous cargo** – Pre-approval secured with your UN and Class numbers
- ✓ **Temperature Controlled or Refrigerated loads** – local, regional and national coverage
- ✓ **Proof of Delivery** – automatically provided on every shipment
